MAIN IDEAS

PRIVACY/TRUST

Clothes say a lot about each person.
People put personal objects in the machine ex. underwear
Trusting strangers that they won't touch your personal belongings

BREAKING THE SYSTEM

Saw too many posters with step by step rules on how to do laundry
Too many DO NOT... signs
Going against the system

EMOTIONS

The range of emotions you have while doing laundry
ex. the pain of having to do laundry -> stress of going to the laundry
on time so that no one touches your belongings -> anger when your
dryer doesn't thoroughly dry.
